

Florida WIC Program

August 2008

Changes in Eligible WIC Foods

Effective August 1, 2008: the front of Florida WIC checks that include **tuna fish** were changed to allow the purchase of up to 25 ounces of tuna in can sizes of 5 ounces or larger. These changes were necessary because tuna fish producers are changing their 6-ounce size to a 5-ounce size. WIC customers using the new checks can purchase the product in 5 ounce or larger cans in any combination that does not exceed the total ounces specified on the front of the WIC check. Other than allowing a 5-ounce can and a maximum of 25 ounces, the restrictions listed on the back of each WIC check for tuna fish have not changed.

Effective October 1, 2008, the following Ralston brand cereals will become WIC eligible:
